HANDWRITTEN MOTIVATION LETTER

Please develop the reasons why you would like to follow this curriculum (1 page maximum)

As several elements of the curriculum might be in French, please indicate your level
<input type="radio"/> Yes, I fluently understand and speak French
<input type="radio"/> I have a limited practice of French, but I understand it enough to follow a course
<input type="radio"/> My knowledge of French will only allow me to read some written elements
<input type="radio"/> No, I don't have any knowledge of French

INDUSTRIAL PROJECT (minimum of 4 months)

The aim of the project is to validate theoretical knowledge through hands-on experience in the field, under the supervision of the course lecturers. The project must take place in a company or an organism and its subject must be related to the contents of the Specialized Masters.

This project will end up with a defence of a Master's thesis in front of a panel of industrials and lecturers. The contents of the project will be discussed during the curriculum. Nevertheless, if you already have some ideas in mind, please use the space below to develop them (including name of company, duration of the project and a brief description of its goals within the framework of the Specialised Masters).

Methods of funding your curriculum

(in case your application is accepted)

- Agreement with your employer
- Personal financing
- State funding
- Other _____

I hereby declare being informed about rules and conditions of the specialized Masters in Facilities Management and certify the accuracy of the above information I'm conscious that any falsification of this information might result in the cancellation of my participation to this curriculum.
